## *Ramon Soler® certified by EcoVadis*

*Ramon Soler® obtains the 2020 bronze medal in recognition of his achievements in Corporate Social Responsibility*

EcoVadis is the first collaborative sustainability rating platform for global supply chains. The platform shared between buyer and supplier allows to improve the reliability of the information and reduce costs by streamlining the purchasing process.

The EcoVadis certification is given to companies that collaborate to improve the environment following a sustainable ethic that is reflected in the social and environmental footprint. This certification provides a **CSR (Corporate Social Responsibility)** rating service through a global software as a service platform in the cloud.

It covers a wide range of non-financial management systems that includes the impacts on the environment, labor practices and human rights, ethics and sustainable purchasing.

[Ramon Soler®](#) has obtained the EcoVadis bronze medal certification, this year 2020, thanks to its continuous improvement in the social and environmental footprint. Its objective is to improve the environmental and social practices of companies, allowing them to focus their priorities on sustainability. The firm follows a business ethic that respects the environment, human resources, human rights and purchasing practices, counting on an improvement in transparency and sustainability.

The **Ramon Soler®** firm has been evaluated on the aspects corresponding to the size, location and sector of the company in order to measure the quality of the company's CSR (Corporate Social Responsibility) management system through its policies, actions and results. As a conclusion of the evaluation, the company has obtained the bronze medal in recognition of its achievements in CSR.

[The firm](#) incorporates the latest technology to facilitate sustainable business and a greater comfort for the user. Its commitment includes the development of more efficient taps that reduce water consumption thanks to ecological redesign processes.

**Ramon Soler®** looks to the future to leave a better world for current generations and those to come, helping make life easier for everyone in an optimal way and with exceptional quality.

#### **About Ramon Soler®**

Faucet manufacturer based in Barcelona since 1890, with a 16,000 m2 industrial warehouse in San Joan Despí (Barcelona).

Its catalogue offers a wide range of hydrotherapy taps and systems that stand out for being eco-efficient, aesthetic, comfortable and highly reliable products. Ramon Soler® has created faucet models designed for people, seeking not only to create beauty but also comfort and precision in their mechanisms. For a few decades, they have prioritized research to optimize not only water and energy consumption but also the optimization of materials and production processes.

Ramon Soler® has become an international benchmark brand because its products have been certified with the most demanding regulations and its commercial networks extend to 5 continents, in more than 50 countries.
